

LES Bateson 30

"I am putting my name forward for election to hopefully bring some new blood and fresh ideas, and a willing pair of hands to the committee. I like to see things done, and I believe that committee members should lead by example, and support one another in representing their fellow plot holders."

John Wetherell 87

To support the chairman and to assist in encouraging all potholders to have a more active involvement in the running and sociability of the site. Also to have an input into the processing and development of major projects. I have been responsible for managing the allotment shop for the past three years and am on the site quite often.

Martin Spatcher; 62a/61a

After 30 years in engineering, I retrained in horticulture at Capel Manor in Enfield. This led to a 20 year career in nurseries and landscaping until I retired as a gardener in 2014.

For the last few years I have co-ordinated the growing of plants for our spring open day and organised the autumn show. I was voted on to the committee in 2015 and have attended 10 out of the last 12 meetings.

My plot is no 62/63 (with the red Manx flag!) but I am often to be found in the poly-tunnel. As I am retired and local I spend many hours on site and I'm usually happy to let out machinery and give advice

Reg Wickings 36b/37b

I have always had an interest in gardening and consider myself an experienced gardener, with knowledge which I am happy to share with others.

I am involved locally in several community garden projects and have recently completed a Diploma course in garden design, I have been the treasurer for KHLGA for 10 years and for this year acting secretary, and have carried out some of the secretary's duties as best I could.

I am interested and active in the visual arts including painting, graphic design, drawing and photography.

Korehan Dora 39

I have been fortunate enough to have met Peter Springall who gave me the knowledge about growing vines, making wine and looking after a vineyard.

I have imported and planted grapevines from France and Germany, Pinot noir, Rondo, Regent and Solaris all of which grow well on the site. I have used the site Winery to make award winning wine and I am happy to share my knowledge with other plot holders.

I have been the Chairman of KHLGA for two years. My utmost aim in the Committee is to lead and make sure things are done transparently and fairly.

At present I work for Vodafone since 36 years leading a big team in the architectural department responsible for well over 2000 buildings in UK.

John Sissons 55a. I am applying to become a committee member because I would like to help in the smooth running and improvement of KHLGA. I am there most days weather permitting. I enjoy helping out on many of the communal tasks/projects.

Saeed Kanuga 31b. During my membership on the committee over the past two years I've established that there are continuing tasks ahead of us, at KHLGA, as part of a management teams responsibilities, this has taken my interest and I wish to be a part of the group to continue to work, and ensure we achieve improvements/advancements to the site; and as importantly good and cohesive relations with all plot holders.

I feel that I can offer and lend guidance towards ground maintenance and building projects and tasks, my occupation in landscaping & property maintenance provides the interest, experience and enthusiasm here.

We are all very fortunate to have these **gardens and the facilities it provides, as such I would like to contribute in maintaining that, as well as encouraging all of us at Kent house with the aim to be a strong, close and productive community**

Committee Elections Candidates information

Vince Turner 10a/10b

I have spent most of my career working for a Tribunal and am now a Therapeutic Counsellor and Supervisor. For me the allotments are a retreat from the hubbub of modern day life. The allotments belong to the members and I believe that the more members are able to put in to allotments, the more they will get out of them. I look forward to representing members by serving on the committee and am keen to find ways of supporting members in getting enjoyment out of their time on their plots.

Nick Whiteley 44a

Nick is on holiday at the moment and cannot contribute himself. He has been a committee member for a year and having been co-opted in the previous year. Nick is self-employed builder and bricklayer and last year rebuilt the meter housing in the entrance after it was demolished during a delivery. He also takes notes for the committee meeting minutes

Heather Mallinder 90a

I think it would be good to have more of a gender balance on the committee and that my having a good relationship with a large number of plot holders whose views I would like to represent their views at committee meetings.
